be submitted which must be vetted by concerned PW Division.

10

5. Proposed working principle diagram with drawings to be submitted.

5

6. Flow diagram of design, drawings, engineering works, supply, installation including civil Construction etc. to be submitted.

5

7. Required land area (in Sft.) for installation of Medical Waste Treatment Plant to be mentioned and submitted.

5

8. Amount of electricity consumption in KWHr/day with detailed calculation to be submitted.

10

9. Proofs of availability of mechanical parts/ chemicals/other products to be used in the Medical Waste Treatment Plant to be submitted.

5

10. Number & Types of Chemicals to be used.

5

11. Sludge free or Presence of Sludge after sewerage treatment (in gm/m³) with proofs to be submitted.

10

12. Maintenance cost per year for equipment & Chemical.

10

13. Supervision & Operation Cost for Manpower per year

5

14. Green Patent 'A' Certification (With Document).

5

15. Bio Safety Level -1

5

Total Score 100

** Any Criteria Cannot be Zero.

Note: Minimum 60 out of 100 Score to be obtained to be Technically qualified. Marks will be equally distributed according to submission of documents

[in case of purchase of capital equipment by the Contractor as part of the overall Contract, a Performance Statement of the capital equipment in Bangladesh may be necessary

and may be requested. If no other documents are required then specify "none"]

Other Terms and conditions :

1. The bidder shall submit the technical proposal with manufacturing company and main catalogue (marked) including

3	Measurement and Capacity of component with layout drawings to be submitted.	5
4	3 (three) nos. of experience certificate of similar works to be submitted which must be vetted by concerned PW Division.	10
5	Proposed working principle diagram with drawings to be submitted	5
6	Flow diagram of design, drawings, engineering works, supply, installation including civil Construction etc. to be submitted	5
7	Required land area (in Sft.) for installation of Medical Waste Treatment Plant to be mentioned and submitted	5
8	Amount of electricity consumption in KWHr/day with detailed calculation to be submitted.	10
9	Proofs of availability of mechanical parts/other products to be used in the Medical Waste Treatment Plant to be submitted.	5
10	Reuse of Waste generated after treatment.	5
11	Waste free or presence of waste after treatment with proof to be submitted.	10
12	Maintenance cost per year for equipment.	10
13	Supervision & Operation Cost for Manpower per year.	5
14	Less water consumption for cooling purpose of machine.	5
15	The bidder has to submit the document with his own letter head pad that they will train PE's 6 Nos Persons for operating the plant after the warranty period	5
16	Proposed brand of Medical Waste Treatment Plant shall be manufactured and tasted in Finland/ France/ Germany/ Japan/ Switzerland/ UK/ US/EU Countries.	5
Total Score		100

Note: Minimum 60 out of 100 Score to be obtained to be Technically qualified. Marks will be equally distributed according to submission of documents

Other Terms and conditions :

1. The bidder shall submit the technical proposal with manufacturing company and main catalogue (marked) including mentioning brand, model & country of origin of the proposed goods.

2. Certificate of respective proposed goods from manufacturing company must be submitted

3. The bidder shall have ABC/BC class contractor & supervisory license provided by the electric licensing

mentioning brand, model & country of origin of the proposed goods.

2. For submitting foreign certificate must be authenticated by Chamber of Commerce / Ministry of Commerce / Ministry of Foreign Affairs of the lift manufacturing company.

3. The bidder shall have ABC class contractor & supervisory license provided by the electric licensing board. After completion of the work, the bidder and the manufacturing company shall give the certification about installation, testing and commissioning of the product.

4. The bidder shall give the assurance from the manufacturing company to supply of spare parts for minimum 20 years .

5. All necessary diagram of the complete system including all control system with power components must be submitted with the contract.

6. The successful bidder must submit the detail packing list with sealed and signed by the manufacturing company to the concerned Executive Engineer minimum 15 days before shipment of the equipments.

That packing list must comply the items described in the work order and the manufacturing company must certify that all parts/items are supplied in the packing list.

7. Before shipment the performance test of Medical Waste Treatment Plant & Quality assurance tests of the products as per standards shall have to be carried out by the manufacturer in presence of nominated engineers of PWD at the factory premises. Three engineers/officials will be nominated for a single tender to accomplish this inspection and testing..All cost related to engineers'/officials travel, food, accommodation, etc. will be borne by awarded

organization/Manufacturer/Successful bidder . The expenditure for this will incorporate by the bidder at the time of participation. For special reasons if inspection is not performed by the concerns , taking prior approval of the procuring entity quality assurance tests may carried out by Internationally accepted inspection agencies(home and abroad).

8. The equipment shall be listed packet wise in detail while importing the product under the work order. The name of the project and LC no. shall be marked clearly in the packets. Equipment of one contract cannot be packetized together with other equipment/ other contracts.

9. After released from the port, the imported equipment shall be reached to the site according to the condition of the contract.

10. The bidder shall submit the detail address of the factory, telephone no., website address, e-mail address and company profile of the manufacturing company.

11. The bidder shall certify that all given certificates/ documents/ drawings are

board. After completion of the work, the bidder and the manufacturing company shall give the certification about installation, testing and commissioning of the product.

4. The bidder shall give the assurance from the manufacturing company to supply of spare parts for minimum 20 years .

5. All necessary diagram of the complete system including all control system with power components must be submitted with the contract.

6. The successful bidder must submit the detail packing list with sealed and signed by the manufacturing company to the concerned Executive Engineer minimum 15 days before shipment of the equipments. That packing list must comply the items described in the work order and the manufacturing company must certify that all parts/items are supplied in the packing list.

7.
